Address: El-Salam, Cairo.

Phone: 01015265077

Phone-2: 01012927636

Marital Status: Single.

Date Of Birth: 21 of march 1997.

- **Objective**

---

To be a professional Front-end developer, do strengthening my education in computer science by getting training by great trainers. Add to that my curious mind about this field, which is transferred me to a multi tasker to improve my experience in the technical side. And this journey lead my mind to a creativity thinking. All of these advantages help me to trust in my steps as an experienced front-end developer and that is definitely what do I aim for.

- **Experience**

- 
- Working for Sky-Line company in 2022 as a front-end Developer (Angular+2) -- [ 4 months].
  - Working for Connect company in 2021 as a front-end Developer -- [ 3 months].
  - Creative Problem-Solving training, Impact in 2017.

- **Education Qualifications**

- 
- 2021 – 2022      6-Month Diploma Front-end Developer (ROUTE ACADEMY - <https://www.facebook.com/Routelearning> )
  - 2016 – 2020      Management information system, Kafr El-Sheikh University
